Employment History

Senior Product Designer at 1inch

Dec 2024 – Oct 2026

Design core trading experiences for the 1inch dApp, including Simple Swap, Market and Limit, Perps, Account box and etc. Use research and product analytics to drive UX improvements and work closely with product, engineering, and QA from concept to delivery.

Senior Product Designer at Avito, Moscow

Jun 2023 – Nov 2024

Worked on Trust & Safety, Ratings & Reviews at Avito. Redesigned core user flows, introduced buyer ratings and reviews, and unified the experience with the existing seller reputation system.

Senior Product Designer at Zen, Moscow

Nov 2022 — Jun 2023

Worked on Zen App & Zen Platform. Video stream. Designed mini-player, video downloading, quality of experience, background play and airplay features. Created concepts of player and video feed. Took part in a workshop on unification design patterns and design system.

Senior UX Designer at aic., Moscow

Jul 2019 — Nov 2022

Worked on Moscow Transport App, Yandex.Delivery, Russian Academy of Science, RussPass and National Digital Library. Created concepts. Designed architectures and user flows of web & mobile applications. Solved UX problems. Communicated with developers and clients a lot. Used CJM, JTBD, Mindmaps. Took part in UX and market researches. Made design systems, UI kits and product strategies. Also I've been improving design process in our unit in collaboration with my colleagues and have been taking part in building of design culture of our company.

Designer at Mosaic Media, Moscow

Jun 2018 — Jul 2019

I worked on websites, key visuals, promotional and social media marketing materials for MTS mostly.

Junior Designer at Doctornet.pro, Voronezh

Apr 2016 — Sept 2017

I started my career like a trainee at a local design studio in Voronezh. Worked on websites, landing pages, presentations. Created logos, brand styles and even package.

Education

Bachelor's Degree in Applied Math & Computer Science, Voronezh State University, Voronezh

Sept 2013 — Aug 2017
